Product Disclosure Statement

ALLAN GRAY AUSTRALIA BALANCED FUND

WHAT IS THIS DOCUMENT?

This **Product Disclosure Statement** (PDS) dated 1 October 2020 is a summary of significant information regarding units in the Allan Gray Australia Balanced Fund. It contains a number of references to important information in the Allan Gray Information Booklet that forms part of this PDS. You can access the Information Booklet on the Allan Gray website (allangray.com.au) or request a copy free of charge by calling us on 1300 604 604. You should consider these documents before making a decision about the Fund.

The information in these documents is of a general nature only and does not take into account a person's financial situation or needs. You should obtain financial advice tailored to your personal circumstances before investing in the Fund.

This PDS is intended for investors primarily residing in Australia. If you do not reside in Australia, it is your responsibility to comply with the laws of where you are from or living if you decide to invest in the Fund.

The Fund may also be offered to New Zealand investors under Subpart 6 of Part 9 of the Financial Markets Conduct Act 2013. Before investing, New Zealand investors must read the 'Fund information for New Zealand investors' document.

US persons are not generally permitted to invest in the Fund. However, we will accept applications from US persons who are genuine residents of Australia or New Zealand. The Fund is not a recognised or authorised collective investment scheme for the purpose of the United Kingdom's Financial Services and Markets Act 2000 and not marketed in the European Economic Area (EEA). Residents in the EEA can only invest under certain circumstances as determined by, and in compliance with, applicable law.

We may update this PDS with changes that are not materially adverse via disclosure on our website.

1. ABOUT EQUITY TRUSTEES LIMITED

Equity Trustees Limited (Equity Trustees)

Equity Trustees is the Fund's responsible entity and issuer of this Product Disclosure Statement. Equity Trustees was established in 1888 by an Act of Victorian Parliament to provide trustee and executor services. It has evolved into a diversified financial services provider offering a broad range of products and services to a large client base. Equity Trustees' responsibilities and obligations as the Fund's responsible entity are governed by the Fund's Constitution, the Corporations Act 2001 (Cth) and general trust law. Equity Trustees has appointed a custodian to hold the assets of the Fund. The custodian has no supervisory role in relation to the operation of the Fund.

Allan Gray Australia Pty Limited (Allan Gray)

Equity Trustees has appointed Allan Gray to invest and manage the Fund's assets according to the investment guidelines in this PDS.

Allan Gray has engaged its sister entity, Orbis Investment Management Limited (OIML), a member of the Orbis Group, to make investment decisions on the Fund's non-Australian assets.

The Allan Gray investment philosophy is to take a contrarian approach, apply it consistently and invest for the long term. This approach was started by Dr Allan Gray who founded Allan Gray Ltd in Cape Town in 1973, and later Orbis Group in 1989. Allan Gray in Australia and globally, as well as Orbis Group, are privately owned and share the same investment philosophy. In Australia, Allan Gray was established in 2005.

The Allan Gray investment approach

- **Contrarian** – we take a contrarian approach to investing by resisting popular trends and uncovering opportunities in areas where nobody else is looking.
- **Long-term** – we take a long-term view. We are willing to look through short term noise and wait for an investment's value to be realised. In a competitive market, practicing patience can give you a distinct advantage.
- **Fundamental** – we concentrate on understanding an investment's intrinsic value, and the fundamentals that determine value, rather than trying to forecast the next price move.

2. HOW THE ALLAN GRAY AUSTRALIA BALANCED FUND WORKS

The Allan Gray Australia Balanced Fund is a managed investment scheme (also known as a unit trust) which allows you to pool your money with other investors. The Fund is registered with the Australian Securities and Investments Commission (ASIC). Allan Gray has been appointed to manage this pooled money in accordance with the investment guidelines set out in section 5 'How we invest your money'.

Interest that members acquire

When you invest, you buy units in the Fund and become a member or unit holder. These units give you a beneficial interest in the Fund. You do not, however, have any entitlement to any particular part of the Fund or its assets and you are not entitled to participate in the management or operation of the Fund (except through investor meetings).

Your return will mirror the return of the Fund's underlying investments, after expenses.

There are several ways to invest in the Fund:

- by completing the application form attached to this PDS or online (see section 8 of this Product Disclosure Statement)
- through a platform that offers the Fund as an investment option (see section 1.7 of the Information Booklet), or
- through your stockbroker via mFund (see section 1.10 of the Information Booklet).

Pricing of the Fund

Units in the Fund are priced daily based on their share of the Fund's net asset value. The price of the units will vary as the market value of the Fund's assets rise or fall. When you invest in the Fund, you will be allocated units at the application (entry) price for the Business day on which we process your application. When you redeem (withdraw), we will redeem your units at the redemption (exit) price for the Business day on which we process your redemption request. The application and redemption price has a buy/sell spread of

Product Disclosure Statement

ALLAN GRAY AUSTRALIA BALANCED FUND

0.20% of the cost of a unit built in. The buy/sell spread is designed to protect existing investors by ensuring that those who invest in, or redeem from, the Fund cover the cost of buying or selling the Fund's underlying securities.

Income distribution frequency and calculation

The Fund intends to distribute its distributable income (if any) on 30 June each year. The Fund's Constitution allows the Fund to make additional distributions.

What is an income distribution?

An income distribution is the payment of the Fund's distributable income to investors. It may include interest, dividends, and realised capital gains. Your distribution is the sum of your proportional entitlement to the Fund's distributable income and will be different from year to year.

Minimum investment and redemption amounts and the cut-off times for processing transactions

Initial investments	First time investors can either: <ul style="list-style-type: none">• Invest AUD 10,000 or more in one lump sum; or• Invest AUD 500 or more every month with a regular savings plan. See section 8 'How to apply'.
Regular savings plan	Minimum of AUD 500 per month
Additional investments	Minimum of AUD 1,000 and/or at least AUD 500 per month through the regular savings plan. See section 8 'How to apply'.
Redemption	There is no minimum ad-hoc redemption amount. If you are redeeming via a regular redemption plan, a minimum of AUD 500 per month applies. We normally pay redemption proceeds within seven Business days after receipt of a valid redemption request. Under some circumstances, such as if there is a freeze on redemptions, you may not be able to redeem from the Fund when you wish to.
Processing applications or redemptions (cut-off times)	If we receive all required application or redemption documents before or at 2pm (Sydney time) on a Business day, we will process the transaction using that day's application or redemption price. Requests received after 2pm (Sydney time) on a Business day or non-Business day will generally be treated as having been received before the cut-off time on the next Business day. Different cut-off times apply if you are transacting via mFund. Please contact Client Services or your stockbroker for more information. See section 8 'How to apply'.

You should read the important information about:

- (1) your general rights and obligations, the Fund's Constitution and our responsibilities, and
 - (2) investing, managing and redeeming your investment,
- in the Information Booklet before making a decision.

Go to allangray.com.au/documents/infobook.pdf for a copy of the Information Booklet. The material relating to your rights and obligations dealing with the acquisition and disposal of units may change between the time when you read this PDS and the day when you acquire units in the Fund.

3. BENEFITS OF INVESTING IN THE ALLAN GRAY AUSTRALIA BALANCED FUND

Please consider whether the expected Fund characteristics suit your investment needs and if you are comfortable with the risks of investing in the Fund. If you are in any doubt, seek professional advice before investing.

Significant features of the Fund

The Fund invests in a mix of shares, fixed income, commodity-linked instruments and cash using Allan Gray's active investment approach. At any given time, the Fund will hold a selection of shares and fixed income instruments from around the world that are considered to be most undervalued compared to our assessment of their intrinsic value.

Distribution options

You can choose to have your distributions reinvested in the Fund or credited directly to your nominated Australian bank account. If you do not make an election or do not have an Australian bank account, your distributions will be automatically reinvested. Distribution payments to the nominated bank account are generally made within 10 Business days after the end of the distribution period. Unless otherwise agreed, no buy/sell spread applies on distributions that are reinvested. Before investing in the Fund, New Zealand investors must read the 'Fund Information for New Zealand investors' document, which provides more information about how the Fund's distribution reinvestment terms apply to you.

Generally, a significant proportion (around 60%) of the Fund's portfolio is expected to be invested in Australian assets, with the remainder in international assets. Where there are fewer attractive opportunities in Australian investments, or international investments become more appealing, the Fund may become more heavily weighted towards international assets and vice versa. There are no other geographic targets.

Balanced focus

The Fund seeks to balance capital growth, income generation and risk of loss using a diversified portfolio. Primarily the Fund will hold actively-selected equity and debt securities issued by publicly listed companies where we consider that these securities offer value and dividend potential that is superior to the Fund's Benchmark. The Fund may also invest

Product Disclosure Statement

ALLAN GRAY AUSTRALIA BALANCED FUND

in Government bonds, cash, indirectly in commodities like gold through commodity-linked instruments or in unlisted shares. Allan Gray and Orbis Group will allocate the Fund's portfolio between the different asset classes by looking at their respective potential for capital appreciation and income, and their corresponding level of risk. In doing so, we apply our contrarian, long-term and fundamental mindset – if we consider an asset class to be overvalued, we will invest in another asset class that we believe has the potential to deliver superior returns, with appropriate diversification.

While the Fund has no industrial or market sector investment targets, it is anticipated the Fund will hold:

- 40-90% of its NAV in equities
- 10-50% of its NAV in fixed income instruments (including bonds, notes and money market instruments) and cash
- 0-10% of its NAV in commodity-linked instruments.

The Fund's portfolio may from time to time move outside these ranges in pursuit of the Fund's investment objectives.

Value assessment

Allan Gray and Orbis Group determine the Fund's holdings within each asset class based on where we find the best value. The Fund will not buy a share or bond simply because it is a component of the Fund's custom benchmark – it will only be selected if we believe it will increase the Fund's overall total return. In deciding whether a security should be included in the Fund, we compare the price with what we consider to be its true value. The lower the price of the security (for example, because of the company's unexciting or poor short-term prospects) compared to its assessed long-term true value, the more attractive it will be as an investment.

Like equity securities, corporate fixed income instruments are selected with the aim of increasing the Fund's overall total return. Characteristics such as yield, liquidity and potential diversification benefits are considered in light of the Fund's risk and reward profile as a whole. Corporate bonds and notes are largely included in the Fund based on research conducted on the issuing company. Government bonds are also selected in part based on views formed while conducting research on companies and currency trends.

The Fund may also gain indirect exposure to commodities through commodity-linked instruments if our investment research process identifies an investment that is more attractive than overall equity and fixed income opportunities. However, we will not buy a commodity-linked investment if a share or bond can provide exposure to the same underlying commodity in a more attractive manner. The Fund will also not invest in instruments that compel the acceptance of physical delivery of commodities.

We believe that, over the long term, investing in undervalued shares and bonds of companies identified through fundamental research offers the potential for steady returns. As a result, the Fund's portfolio will often look different to that of its peers.

You should read the important information about other features of the Fund in the Information Booklet before making a decision.

Go to allangray.com.au/documents/infobook.pdf for a copy of the Information Booklet. The material relating to the Fund's other features may change between the time when you read this PDS and the day you acquire units in the Fund.

Significant benefits of the Fund

Investing in the Fund offers a number of benefits, including:

1. Access to a time-tested, contrarian investment approach

This Fund combines Allan Grays domestic specialisation with Orbis Group's global markets expertise. Both companies have been applying the same contrarian, long-term and fundamental investment philosophy over the long term which Australian investors can now access through one Fund.

2. Flexibility in asset allocation

The Fund's investments are not constrained to particular global markets or industries. In addition, the Fund's allocation to shares, fixed income securities, commodity-linked instruments and cash can change depending on where it sees value, and based on their respective potential for capital growth and income, and risk of loss. By having the flexibility to adapt to changing markets conditions, and to vary the Fund's exposure to these different assets over time, we seek to enhance the Fund's long-term returns and to reduce the impact of large market falls.

3. Access to broad asset mix

The Fund offers investors a simple way to access a broad mix of investments through a single fund, including those that may not be readily identified or available to individual investors.

4. RISKS OF MANAGED INVESTMENT SCHEMES

All investments carry risk. Different investment strategies may carry different levels of risk, depending on the assets that make up the strategy. Assets with the highest long term returns may also carry the highest level of short-term risks. This page highlights the significant risks you should consider when deciding whether to invest in the Fund. You may want to consider these risks in light of your risk profile, which will vary depending on a range of factors, including your age, the investment time frame (how long you wish to invest for), your other investments or assets, and your risk tolerance.

We do not guarantee the liquidity of the Fund's investments, an investment in the Fund, repayment of capital or any rate of return, or the Fund's investment performance. You may lose money by investing in the Fund or your investment in the Fund may not meet your objectives.

In addition, we do not offer advice that takes into account your personal financial situation, including advice about whether the Fund is suitable for your circumstances. If you require personal financial advice, you should contact a licensed financial adviser.

Market and individual investment risks

Equity and fixed income markets and investments are generally volatile. The value of your investment in the Fund may fluctuate with the market. In addition, losses for the Fund may also not be linked to the market's overall returns. Such losses can arise for reasons specific to a company (e.g. a change in management) or if Allan Gray or Orbis Group make investment decisions resulting in poor returns.

Fund risk

The Fund could terminate, laws affecting registered managed

Product Disclosure Statement

ALLAN GRAY AUSTRALIA BALANCED FUND

investment schemes may change in the future, Equity Trustees or Allan Gray could become insolvent, and the fees and expenses could materially change. Investing in the Fund may give different results than investing directly in securities and instruments because of income or capital gains accrued in the Fund and because of investors redeeming from the Fund.

Liquidity risk

The Fund may, at times, invest in assets which have limited levels of liquidity, such as non-investment grade fixed income securities. In addition, abnormal or difficult market conditions, inadequate market depth or disruptions to financial markets may result in normally liquid assets becoming illiquid or less liquid. As such, it may not be possible to sell the Fund's investments in time to pay unexpected large redemptions or there could be a significant delay before redemptions are paid. The ability to redeem may be suspended in the interests of all the investors in the Fund, even if other assets of the Fund may be readily sold.

Contractual risk

The Fund's counterparties may default on a transaction or the Fund's custodian may become insolvent. If this occurs, there may be additional costs or time delays associated with settling a transaction or appointing another custodian. This may have an effect on your ability to invest in, or redeem from, the Fund.

Geographic risk

The Fund invests in securities in many international markets, including some considered to be emerging markets. There are significant risks involved in investing internationally, including political and social instability, governmental interference, liquidity risks, currency risks or foreign exchange controls.

Derivatives risk

The Fund may use derivatives such as index futures and options in regions in which the Fund is invested, for example to reduce the risk of loss in the event of a significant decline in the markets. The Fund also uses OTC derivatives such as currency forwards to manage foreign exchange risk. Trading in various derivatives exposes the Fund to additional risks, for example it may not be possible to readily liquidate OTC derivatives given the absence of a market, changes in

derivative values may not correlate perfectly with the underlying assets, and unexpected movements in market conditions or exchange rates may cause loss.

Credit risk

If issuers of fixed income instruments fail to make principal or interest payments, the Fund can suffer loss. This risk is higher if the Fund holds low-rated, non-investment-grade securities, such as high yield bonds and securities of issuers that are in or at risk of default, or have filed for bankruptcy protection or reorganisation (e.g. distressed debt).

Currency risk

Although the Fund has a significant allocation to Australian assets, fluctuations in exchange rates significantly influence the returns of the Fund's global investments. As a result, significant changes in exchange rates could impact overall returns of the Fund.

5. HOW WE INVEST YOUR MONEY

Fund investment profile

Benchmark

Custom benchmark: 36% S&P/ASX 300 Accumulation Index; 24% S&P/ASX Australian Government Bond Index; 24% MSCI World Index (net dividends reinvested) expressed in AUD; and 16% JPMorgan Global Government Bond Index expressed in AUD.

Investment objective

To seek long-term returns that are higher than the custom Benchmark. In doing so, the Fund aims to balance capital growth, income generation and risk of loss using a diversified portfolio.

Investment exposure

A combination of local and international shares, fixed income, commodity-linked instruments and cash.

Investment approach

The Fund employs the Allan Gray contrarian investment philosophy to search for investments, having regard to defined investment restrictions (see Asset allocation below). The Fund has the ability to take advantage of market movements with wide ranges for investments. When there

Asset allocation

In implementing the above strategy, Allan Gray will adhere to the following investment restrictions.

1. Single issuer	No more than 20% of the Fund's NAV may be invested in securities and instruments issued by a single issuer.
2. Listed shares	No more than 10% of the Fund's NAV may be invested in shares or equity-linked securities which are not listed or dealt on a stock exchange or stockmarket.
3. No short selling	The Fund must not engage in short selling of securities.
4. Derivatives	The Fund may hold no more than 10% of its NAV in listed (exchange-traded) derivatives and only if the underlying exposure is fully covered by cash or money market instruments. The Fund must not hold over-the-counter (OTC) derivatives, other than for the dominant purpose of managing foreign exchange risk or interest rate risk. In using currency derivatives, the Fund may not actively cause net negative currency exposures.
5. Borrowing	The Fund may not borrow.
6. Collective investment schemes	The Fund must not invest in unlisted collective investment schemes. No more than 35% of the Fund's NAV may be invested in listed collective investment schemes managed by the same group.

ALLAN GRAY AUSTRALIA BALANCED FUND

are fewer opportunities in Australia or global markets become more attractive, the Fund may become more heavily weighted towards global assets and vice versa.

Investor profile

Before you invest, you should consider the likely investment returns, the risk and your investment time frame.

Minimum suggested time frame

More than three years.

Risk level

Medium to high risk.

Investor suitability

The Fund may be suitable for investors:

- who wish to invest in a performance-driven strategy that provides an opportunity for capital growth,
- who seek to diversify their portfolio using a single Fund, and
- who are comfortable taking on some risk of market fluctuation and potential capital loss, but typically less than that of an equity fund.

Additional information about the investment restrictions

Allan Gray is permitted to make an investment which is not consistent with the investment restrictions if Equity Trustees

and Allan Gray agree that the investment is not a material departure from the investment restrictions.

6. FEES AND COSTS

Did you know?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns.

For example, total annual fees and costs of 2% of your fund balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example, reduce it from AUD 100,000 to AUD 80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs. You may be able to negotiate to pay lower contribution fees and management costs where applicable. Ask the Fund or your financial adviser.

To find out more

If you would like to find out more, or see the impact of the fees based on your own circumstances, the Australian Securities and Investments Commission (ASIC) website (moneysmart.gov.au) has a managed fund calculator to help you check out different fee options.

The table below shows fees and other costs that you may be charged. These fees and costs may be deducted from your money, from the returns of your investment or from the Fund's assets as a whole. See Section 7 on 'How managed investment schemes are taxed'. You should read all the information about fees and costs because it is important to understand the impact on your investment.

TYPE OF FEE OR COST	AMOUNT	HOW AND WHEN PAID
Fees when your money moves in or out of the Fund		
Establishment fee (the fee to open your investment)	Nil	Not applicable
Contribution fee (the fee on each amount contributed to your investment)	Nil	Not applicable
Withdrawal fee (the fee on each amount you take out of your investment)	Nil	Not applicable
Exit fee (the fee to close your investment)	Nil	Not applicable
Management costs[†]		
The fees and costs for managing your investment	The Fund's management costs consist of: <ul style="list-style-type: none"> • Base fee: 0.75% (0.76% including GST net of RITC) of the Fund's net asset value. • Performance fee: 20% (20.3% including GST net of RITC) of the Fund's outperformance, net of the Base fee, in comparison to its Benchmark. A performance fee is only payable where the Fund's outperformance exceeds the high watermark, which represents the highest level of outperformance, net of base fees, since the Fund's inception. • Indirect costs: nil 	<ul style="list-style-type: none"> • Base fee: Calculated and accrued daily and paid monthly. • Performance fee: Calculated and accrued daily and paid monthly. • All fees and costs are paid out of the Fund's assets.
Services fees		
Switching fees (fees for changing funds)	Nil	Not applicable

[†] Management costs are not negotiable.
Additional fund expenses and stockbroker fees may apply (see the following page).

Product Disclosure Statement

ALLAN GRAY AUSTRALIA BALANCED FUND

Management costs

Base fees and Performance fees are calculated and accrued daily and paid monthly. It is not possible to estimate the Performance fee payable in any given year, as we cannot forecast the performance of the Fund. As an indication, assuming the Fund outperformed its Benchmark by 2% (being 1.24%, net of Base fee), the Performance fee payable per annum would be AUD 125 assuming an annual account balance of AUD 50,000 during the year. Actual Performance fees for current and future years may differ and may not be payable at all if the Fund underperforms its Benchmark for a relevant period.

Fund expenses and transactional costs

Allan Gray has agreed to pay fees charged by the Fund's responsible entity, independent custodian and administrator, as well as customary professional fees incurred by the Fund on a day-to-day basis, from the fee it receives.

Aside from the Management costs, investors may bear certain extraordinary and unusual expenses incurred on behalf of the Fund from time to time, such as the cost of litigation. In addition, Management costs do not include transactional and operational costs, being costs associated with the buying and selling of investments for the Fund. Costs such as brokerage, settlement costs, clearing costs, stamp duty, implicit trading costs and costs associated with using OTC derivatives to manage risks are generally incurred in connection with day-to-day trading for the Fund or when there are applications into or redemptions from the Fund. Transactional costs are reflected in the Fund's unit price.

Based on the financial year ending 30 June 2020, the total estimated annual transaction costs for the Fund did not exceed the estimated annual amount of buy/sell spread received by the Fund. This is because we trade patiently and seek to minimise transaction costs. However, these costs may vary greatly in future years because the turnover in the

underlying assets may change substantially as investment and market conditions change. This may in turn affect the level of transaction and operational costs not covered in the buy/sell spread.

Buy/sell spread

The Fund's buy/sell spread of 0.20% of the cost of a unit is designed to cover the estimated transaction costs incurred by the Fund in buying or selling assets when you invest or redeem. The dollar value of these costs, based on an application or redemption of AUD 50,000, is AUD 100 for each individual transaction.

Financial adviser fees

You may elect to have the Fund pay your financial adviser a fee from your investment in the Fund. This may be as:

- a contribution fee of up to 2% when you invest in the Fund, and/or
- an ongoing fee of up to 1% p.a.

We cannot pay fees to your financial adviser if you invest via mFund.

NOTE: The financial adviser you consult may charge you additional fees. Please refer to the adviser's statement of advice.

Changes to fees

We will give you at least 30 days prior notice of any proposal to increase Management costs. We may also reduce or waive these fees for certain sophisticated, professional or wholesale investors. Any such arrangement will comply with all applicable regulatory (ASIC) requirements.

Stockbroker fees

If you are investing via mFund, your stockbroker (and not the Fund) may charge you a brokerage fee. Please consult your stockbroker or consider their Financial Services Guide.

Example of annual fees and costs

The table below clarifies how the fees and costs in the Fund can affect your investment over a one-year period. You should use this table to compare this product with other managed investment products.

EXAMPLE		BALANCE OF AUD 50,000 WITH A CONTRIBUTION OF AUD 5,000 DURING THE YEAR
Contribution fee	Nil	For every additional AUD 5,000 you put in, you will be charged AUD 0.
PLUS Management costs	1.01% [†]	And for every AUD 50,000 you have in the Fund you will be charged AUD 505 each year. This comprises a Base fee of AUD 380 and a Performance fee of AUD 125.
EQUALS cost of fund		If you had an investment of AUD 50,000 at the beginning of the year and you put in an additional AUD 5,000 during that year, you would be charged fees from AUD 505*. What it costs you will depend on the fees you negotiate with your financial adviser[‡].

[†] The Management costs example of 1.01% is based on a fixed Base fee of 0.76% and a variable Performance fee of 0.25% (assuming the Fund returned 7% p.a. versus a Benchmark return of 5% p.a. (being 20.3% of 2% minus Base fee, which equals 0.25%)). In practice, fees charged will differ from the above due to fluctuations in the value of your investment, timing of contributions, whether a performance fee is earned, and the extent of the Fund's outperformance (if any), returns and compounding.

* These examples assume the AUD 5,000 additional contribution occurs at the end of the first year, therefore management costs are calculated on the AUD 50,000 investment.

[‡] Additional costs may apply. For example, financial advisers may charge you fees to facilitate an investment in the Fund. Please refer to the adviser's statement of advice. The Fund, Equity Trustees and Allan Gray do not receive any of these fees.

7. HOW MANAGED INVESTMENT SCHEMES ARE TAXED

Investing in a registered managed investment scheme (such

as the Fund) is likely to have tax consequences. You are strongly advised to seek your own professional tax advice before investing in the Fund. The Fund is an Australian

Product Disclosure Statement

ALLAN GRAY AUSTRALIA BALANCED FUND

resident for tax purposes and does not pay tax on behalf of its investors. Australian resident investors are assessed for tax on any income and capital gains generated by the Fund.

The Fund has been treated as an Attribution Managed Investment Trust since the 2019/2020 income year. Investors receive a tax statement at the end of each income year specifying the nature of any amounts attributed. This statement also highlights any adjustments you should make to the cost base of the units you hold due to distributions from the Fund and income attributed.

8. HOW TO APPLY

How to make an initial investment

- Invest online: visit allangray.com.au/balancedfund, click on 'Invest now' and follow the instructions, or
- Complete the application form accompanying this PDS, as well as the customer identification form. Identification documents are needed to comply with Australia's AML/CTF laws.
 - Post the original application, identification forms and relevant identification documents to the Allan Gray Funds Unit Registry, GPO Box 804, Melbourne VIC 3001.
 - Transfer the application money electronically to the Fund. The Fund only accepts application money in Australian dollars, or
- Invest through a stockbroker via mFund or through a platform. To do so, you will need to provide certain identification documents and the application money to your stockbroker or the platform operator instead of directly to the Fund. Additional fees may apply. Please contact your stockbroker or the platform operator for more information.

How to make an additional investment

- Visit allangray.com.au/balancedfund, click on 'Investor top up' and follow the instructions
- Complete an additional investment form, available from allangray.com.au, and follow the instructions on the form, or
- Invest through your stockbroker via mFund or through your chosen platform, or
- Transfer the application money via BPAY® and let us know you have done so (see section 3.3 of the Information Booklet).

Sending your application and redemption forms and any other forms or documents to us by post, fax or email, means you agree to the Instruction Terms set out in section 3.6 of the Information Booklet.

Cooling-off rights and complaints

If you are a retail client (as defined in the Corporations Act) and invested directly in the Fund (including via mFund), you have up to 19 days from the day you receive the investment confirmation for your investment to be repaid. The amount you receive will reflect the movement (up or down) in the Fund's unit price and may have tax implications for you.

If you wish to make a complaint please write to Equity Trustees' compliance team or call +61 3 8623 5000.

You should read the important information about:

- (1) your general rights and obligations, the Fund's Constitution and our responsibilities, and
- (2) investing, managing and redeeming your investment, in the Information Booklet before making a decision.

Go to allangray.com.au/documents/infobook.pdf for a copy of the Information Booklet. The material relating to cooling-off rights and complaints may change between the time when you read this PDS and the day when you acquire units in the Fund.

About this document

This document contains important information for New Zealand investors about the Allan Gray Australia Balanced Fund (the Fund). You should read this document and the accompanying Product Disclosure Statement (PDS) for the Fund before investing.

Warning statement

- a. This offer to New Zealand investors is a regulated offer made under Australian and New Zealand law. In Australia, this is Chapter 8 of the Corporations Act 2001 (Aust) and regulations made under that Act. In New Zealand, this is subpart 6 of Part 9 of the Financial Markets Conduct Act 2013 and Part 9 of the Financial Markets Conduct Regulations 2014.
- b. This offer and the content of the offer document are principally governed by Australian rather than New Zealand law. In the main, the Corporations Act 2001 (Aust) and the regulations made under that Act set out how the offer must be made.
- c. There are differences in how financial products are regulated under Australian law. For example, the disclosure of fees for managed investment schemes is different under the Australian regime.
- d. The rights, remedies, and compensation arrangements available to New Zealand investors in Australian financial products may differ from the rights, remedies, and compensation arrangements for New Zealand financial products.
- e. Both the Australian and New Zealand financial markets regulators have enforcement responsibilities in relation to this offer. If you need to make a complaint about this offer, please contact the Financial Markets Authority, New Zealand (fma.govt.nz). The Australian and New Zealand regulators will work together to settle your complaint.
- f. The taxation treatment of Australian financial products is not the same as for New Zealand financial products.
- g. If you are uncertain about whether this investment is appropriate for you, you should seek the advice of an appropriately qualified financial adviser.
- h. The offer may involve a currency exchange risk. The currency for the financial products is not New Zealand dollars. The value of the financial products will go up or down according to changes in the exchange rate between that currency and New Zealand dollars. These changes may be significant.
- i. If you expect the financial products to pay any amounts in a currency that is not New Zealand dollars, you may incur significant fees in having the funds credited to a bank account in New Zealand in New Zealand dollars.
- j. The dispute resolution process described in this offer document is available only in Australia and is not available in New Zealand.

Fund information for New Zealand investors

Distributions

New Zealand investors can only have their distributions reinvested, except where they nominate an Australian bank account in their name to receive cash distributions. When a distribution is reinvested, New Zealand investors will be issued units in accordance with the terms and conditions set out in the PDS for the Fund. Please see the PDS for a description of distributions and the terms and conditions of reinvestment.

The annual report and financial statements of the Fund contain information you may find useful in connection with your ongoing distribution reinvestment. You can obtain a copy of the most recent annual report and financial statements of the Fund, and the accompanying auditor's report, free of charge by contacting the Responsible Entity or the Allan Gray Client Services team. These documents may also be obtained electronically from eqt.com.au

Identification and verification (financial adviser to complete)

Please complete the section below if you are a financial adviser identifying and verifying your client.

As the investor's financial adviser, I:

- will complete the relevant Allan Gray investor identification form available at allangray.com.au
- or
- have identified and verified the investor through the relevant Financial Services Council (FSC), formerly IFSA, standard identification forms and attached a copy of the completed standard identification form to this application form.

Accordingly, as the investor's financial adviser, I represent and warrant to Equity Trustees/Allan Gray that I, as applicable:

- have followed and complied with the FSC Guidance Note No. 24 (GN 24) in identifying and verifying the investor and any other applicable Anti-Money Laundering/CounterTerrorism Financing laws (AML laws)
- will continue to comply with GN 24
- will provide, upon request, original identification and verification records and details of the identification procedures adopted
- have kept a record of the investor's identification and verification and will retain these for a period of seven years after the investor/adviser relationship has ended
- will if requested update and re-verify the investor and provide any other additional information regarding the investor
- will not knowingly do anything to cause Equity Trustees/Allan Gray to breach AML laws and will notify Equity Trustees/Allan Gray if I become aware of anything that would cause Equity Trustees/Allan Gray to breach AML laws, and
- confirm that the details provided in the identification form are true and correct.

Note: Equity Trustees/Allan Gray reserves the right to reject the applicable GN 24 form attached to this application form for whatever reason (for example, if it has been incorrectly completed).

5. DEFINITIONS

Financial Institution: a custodial or depository institution, an Investment Entity or a specified insurance company.

Beneficial Owner or Controlling Person: an individual who directly or indirectly owns 25% or more of an entity and/or exercises control over that entity by way of determining decisions about financial or operating policy. If you are a trust, the settlor, beneficiaries and trustees are treated as controlling persons.

Active Non-Financial Entities: examples include nonfinancial publicly listed entities, charitable organisations and government bodies.

Investment Entity: conducts investment business for or on behalf of underlying clients, and/or receives more than 50% of its income from investing or trading in financial assets. This may include trusts or managed investment schemes.

Passive Non-Financial Entity: any entity that is not an Active Non-Financial Entity. This may include family trusts whose trustees are not financial institutions.

US person or Specified US person is:

- a. Anyone born in the US (who has not renounced their citizenship), living in the US, a green card holder or US passport holder
- b. US Companies, US Trusts or US Partnerships
- c. A trustee, settlor, partner or beneficial owner of a trust, company or partnership (as applicable) who is a US citizen, resident or green card holder, or
- d. A US trust established under the laws of the US or US taxpayer or a trust that has any of its trustees, beneficiaries or settlors as a US citizen, resident or green card holder.
